Los Angeles, California 90012

At its meeting held July 5, 2005, the Board took the following action:

70-A

Supervisor Antonovich made the following statement:

“‘Global Energy Independence Day’ is held annually on July 10, the birth date of Nikola Tesla, the great Serbian-American inventor born in Croatia, to promote alternative free energy such as solar, wind, geothermal, as well as technologies under development such as cold fusion, zero point energy, and Tesla radiant energy.

“With more than 270 patents awarded to him over the course of his lifetime, Tesla shaped the twentieth century with his invention of the radio, radar, x-ray, AC power, and the induction motor. His legacy is now shaping the twenty-first century with the implementation of his methods of tapping and distributing free energy.”

Therefore, on motion of Supervisor Antonovich, seconded by Supervisor Yaroslavsky, unanimously carried, the Board proclaimed July 10, 2005 as “Global Energy Independence Day” throughout Los Angeles County.
